

I support media diversity

I am writing to you today to comment on Docket No. 02-277.

I am strongly opposed to loosening the regulations on media outlet ownership. It is intended solely to line the pockets of Bush's corporate contributors, and brings no discernible benefits to the average American.

In fact, if I were in charge of the FCC, I would make it illegal for any company to own more than one media outlet of any sort in a given community, period.

We need greater diversity of political voices and entertainment options, not less.

Sincerely,

Karen Sandness
